Project	Federation of Nunavut Teachers Mixed-Use Complex
Location	Iqaluit, Nunavut, Canada
Service	Schematic Design
Process	Feasibility
Value	\$2.4M CAD
Status	N/A

This unique development in the City of Iqaluit includes commercial offices for the Federation of Nunavut Teachers operations, additional commercial lease space with shared/rentable boardroom space as well as four 2-bedroom residential suites and one executive 3-bedroom unit with loft.

The building owners are presently determining financing which will also reflect on the project intent to pursue LEED certification of the facility further confirming commitment to sustainability in our resident population through learning and technology.

The building features a unique stepped foundation and corresponding roof structure with drive through access to parking at the back of the facility.
